Assignment: 6

Subject: Still-life | HO Figures

Due: Mar 31st

“People have a real love of looking at small worlds
something inside them is innately attracted to that 'miniature' realm.”

John Lasseter

This project is to create a dramatic still-life using miniature figures and other props, used for HO scale train sets.

The miniature figures are HO scale figures. HO is based on 1:87 scale - which means a 6' tall person would be 72 inches divided by 87 inches equals 0.827 inches.

This is a studio assignment and not a location project.
